- Attention of Details

EDUCATION

Python Pro Bootcamp
Udemy
2025

Computer System Servicing
Nieves Villarica SNHS
2018-2020

Bs in Criminology
University of Mindanao
2020-2024

FRAMEWORKS/ LIBRARIES

- Flask
- BOOTSTRAP

TECHNICAL LANGUAGE SKILLS

- Python
- HTML
- CSS
- JAVASCRIPT

PROJECTS

Portfolio Website/HTML, CSS< JAVASCRIPT

- Designed and developed a fully responsive, multi-page website from scratch to showcase technical skills and project history.

- Implemented interactive and dynamic elements using vanilla JavaScript to create a smooth and engaging user experience.

- Managed the entire development lifecycle using Git for version control, with the project hosted on GitHub Pages.

E-commerce Prototype/Python, Flask, Bootstrap

- Engineered a full-stack e-commerce web application, implementing all backend functionality and RESTful API endpoints using Python and Flask.

- Designed and managed an SQLite database to handle user accounts, product information, and shopping cart data persistence.

- Developed key features including secure user authentication (registration, login, logout), a dynamic product catalog, and a simulated checkout process.
